Records relating to the Conceptual Site Model (CSM) for the Lower Passaic River Study Area (LPRSA):

a. CSMs dated August 2005 and February 2007 and supporting Geochemical Evaluation Steps 1 and 2 dated August 2005 and March 2006, respectively, were posted by the U.S. Environmental Protection Agency (USEPA) and its partner agencies on the Passaic River Estuary Management Information System (PREmis) located at the <http://ourpassaic.org> URL under CSM "Project Activities." Copies of any other versions of the CSM that may have been posted on the PREmis between January 1, 2000, and March 1, 2016, are requested.

b. Technical memoranda prepared by any USEPA employee between January 1, 2000, and March 1, 2016, reviewing, commenting, or otherwise discussing a CSM for the LPRSA.

c. Technical memoranda prepared by any employee of Malcolm Pirnie, Battelle, or HydroQual between January 1, 2000, and March 1, 2016, providing consulting services to Region 2 USEPA or its partner agencies presenting, reviewing, or otherwise discussing a CSM for the LPRSA.

d. The technical memorandum about the CSM for the LPRSA posted on the PREmis on March 3, 2006 (as reported in Progress Report #39) and any other technical memoranda about the CSM posted on the PREmis between January 1, 2000, and March 1, 2016.

e. Documents regarding WAD 2 Remedial Investigation/Feasibility Study (RI/FS) services for the Passaic River Estuary Superfund Site under Work Order 5.0 to Develop a Detailed Conceptual Model & Design Decision Support Framework (as per the February 25, 2003 scope of work for the RI/FS) between February 25, 2003, and January 1, 2010.

f. Documents including emails, memoranda, or letters prepared by any USEPA employee or employee of a consultant to USEPA or its partner agencies (e.g., Malcolm Pirnie, Battelle, or HydroQual) presenting, reviewing, evaluating, commenting on, or otherwise discussing the August 2005 CSM including questions 1 through 5 at pages 3-2 to 3-4 of the August 2005 CSM.
